BIBLIOGRAPHY

Sea Challengers is under new management. Dave Behrens, a name that should be familiar to most branchers has recently purchased the retail catalog half of Sea Challengers Marine Life Books. Dave and his wife Diana have renamed the business, now - Sea Challengers Natural History Books, Etc.
Their catalog carries over 200 marine life titles which include almost every currently available opisthobranch book. Dan and Ann Gotshall, owners for over 20 years, will retain the publishing half of the business.
Dave and Diana have plans to expand the catalog offerings, and its presentation with a website. Rumors have it that the new logo for Sea Challengers be a nudibranch, species soon to be described.
Contact: Sea Challengers Natural History Books, Etc., 35 Versailles Court, Danville, CA 95606, 510-327-7750, 510-736-8982 FAX, e-mail - seachalleng@earthlink.net
